Ref: T-514-10 Discovery and Accounting issues

Dear Mr Gray,

In regards to Ms Wall's email asking answers to outstanding questions and refusals at the discoveries in the Reference proceeding, which took place on November 8, 2011 please note the following:

Your motion is premature as you know there is an appeal on this issue.

In order to expedite the matter, I had accepted at the Case Conference that I would release to you all relevant information provided it is only shared with H.H. The Aga Khan. I had also proposed to double any amount asked by H.H. in order to bring the reference to an end, offer that you chose to discard.

In your subsequent letter of August 29th 2011 you implied that you wanted to give the information also to other people and therefore I kept redacted names on the invoices, statements and correspondence from the printing press, the shipping company and the MP3 manufacturer.

I have reason to believe Mr Sachedina and Mr Manji are the persons you want to leak this information to, directly or indirectly, and I have conclusive evidence that they are directing this lawsuit and reference.

However I am still willing to release all information relevant to the profit estimates if we agree on someone to review the documents on your behalf or a court-appointed neutral third party. This would also allow you to know the profit and avoid wastage of time and money and of precious judicial resources in more Motions and in the Appeal of Justice Russell's Order.

Also note that I am not available in March as I will be traveling inside Kenya with restricted access to internet but I will be available in Canada in April.

Regards,

Nagib Tajdin
